

Boarding Release Form

Last Name _____ Pet Name _____

In order to provide the best care possible for your pet(s), our staff will conduct a brief examination, which is included in your boarding fee. **Internal and external parasites found on your pet will be treated at your expense.** All pets must be current on vaccinations. **If you cannot provide verification of vaccinations, your pet(s) will be updated at your expense.**

If health problems are detected please indicate how you would like us to proceed by checking ONE response below:

_____ I give the Veterinarians and staff permission to treat all medical conditions deemed necessary and agree to pay for all charges incurred.

_____ I give permission to treat only emergency conditions and agree to pay for all charges incurred. No additional treatment may be administered without my consent- please contact me at the number(s) below as soon as possible.

_____ Do not administer any medical treatment without my consent, even in the event of a life-threatening emergency.

Some pets may benefit from tranquilization during boarding due to anxiety, fireworks, stormy weather, etc. If you do **NOT** give permission for your pet(s) to be tranquilized under the Veterinarian's supervision, please check here: _____

Boarding rates are as follows: \$21.50/day/pet for cats, \$22.50/day/pet for dogs in separate kennels or sharing a runway, \$25.00/day/dog for a separate runway. Injectable medications such as insulin will be given by our trained staff at a cost of \$6.00 per day (up to twice daily). All other medications will be administered for \$3.00 per day (up to three times daily). Both over the counter and prescription medications should be supplied in their original container to avoid confusion.

If you pick your pet(s) up before noon on the day of discharge there is no charge for that last day. If you opt to have your pet bathed the final day, please pick up between 3:00-6:00pm for no additional boarding fee. Our baths typically include a nail trim, ear cleaning, internal anal gland expression, and up to a ten minute pre/post brush out. There may be an additional charge for extensive matting. We do our "pre's" (nail trims and ear cleanings) the day before the scheduled bath- if you opt to pick up earlier than originally scheduled and this "pre" service had been performed, there will be an additional charge added. We pride ourselves on keeping our boarders and environment clean, so if your pet(s) is incontinent or tends to soil the kennel despite being let outside often, there may be an additional charge for sanitary clips/baths and upkeep.

All fees are due when services are rendered. If your pet(s) are scheduled for over 30 days, a deposit may be required.

We provide plenty of bedding and discourage you from leaving such personal items with us. We provide a quality Purina diet to our boarders, but you are welcome to bring your pet's own food if animal is a picky eater, has a sensitive stomach, or eats a specialty diet. (There is no additional charge for this service). **Edmonds-Westgate Veterinary Hospital is not responsible for the damage or loss of any personal items left with your pet.**
